## Competition Format and Rules

Formato y reglas de la competencia / Format et règles de compétition

As of SAT 17 SEP 2018

### Youth Olympic Competition Format

The programme of Modern Pentathlon at the Summer Youth Olympic Games Buenos Aires 2018 will comprise three events:

- Men's Individual
- Women's Individual
- Mixed International Team Relay

The Youth Olympic Games Modern Pentathlon competition is organised over five days. The individual events will be followed by a Cultural Day prior to the Mixed International Team Relay event.

Each Modern Pentathlon Individual event takes place in two days. The fencing ranking rounds takes place on the first day. The final day consists of the following Modern Pentathlon phases: swimming, fencing bonus round and laser-run. Athletes/teams achieve points in each phase according to their performance.

The Mixed International Team Relay event takes place in one day. The fencing ranking round is held in the morning and the swimming, fencing final round and laser-run in the afternoon.

The points from each Modern Pentathlon phase are cumulative. The final ranking is decided by the number of Modern Pentathlon points scored in all phases (it corresponds to the finishing order in the laser-run).

In the last phase, laser-run, the athletes/teams will start with a handicap time based on the conversion of the total MP points (from the first three phases) into time (1 MP point=1 second).

This means that the final ranking corresponds to the finishing order in the laser-run phase.

### Differences between the UIPM Junior World Championships and the Summer Youth Olympic Games

The Fencing event has been divided into two rounds, a fencing ranking round and a fencing bonus round. At the Youth Olympic Games Mixed International Team Relay teams are mixed gender and mixed NOC. There is no Riding phase at the Youth Olympic Games.

### Changes since the Summer Youth Olympic Games Nanjing 2014

None

### Sport Rules and Procedures

#### Fencing Ranking Round

The fencing ranking round phase is organised as a round robin and consists of an individual round and team rounds.

All athletes/teams will be drawn into teams of two athletes. The draw for the fencing pairs and assignment of the pistes for each event will be made by the Technical Delegate before the Technical Meeting for both events.

For the Mixed International Team Relay the teams will be composed of one male athlete and one female athlete from the individual competitions. The team members will be decided by draw following completion of the individual competitions.

For individual events, the fencing ranking round pairs will take place on six pistes (plus one reserve piste) as defined by UIPM rules. For Mixed International Team Relay event, the fencing pairs will take place on twelve pistes (plus one reserve piste) as defined by UIPM rules.

In the individual events, each athlete will fence against all other athletes with an electric épée for one hit within a time limit of one minute. In the team relay event, the team members fence the same gender competitor under the same rules as for the individual events.

In the fencing ranking round, if a hit is not scored within the time, both competitors register a defeat. The target area is the whole body.

In individual events, the 24 athletes take part in 23 bouts. A total score of 70% victories (16 bouts) equals 250 MP points. Each extra victory adds 8 MP points and each extra defeat deducts 8 MP points (8 MP points=8 seconds).

In the team relay event, according to the UIPM rules 70% bouts won corresponds to 250 Modern Pentathlon points. Each victory over or below this number is in accordance with the number of bouts. E.g. with 24 teams participating in competition,

each of them will fence 46 bouts. This means 32 victories earn 250 Modern Pentathlon points. Each victory over or under this number (32) equals +/- 5 Modern Pentathlon points.

If one or more athlete/team is eliminated, withdrawn, disqualified, etc. during the ranking round, all their results will be discarded for them and their opponents and the fencing points will be recalculated.

In the case of any elimination, withdrawal, disqualification, etc. after the ranking round results are approved, the athletes/teams will receive 0 points, be marked with the appropriate IRM, and will be placed at the bottom of the ranking round.

All athletes/teams will be ranked according to the following criteria: number of points achieved in the ranking round, then number of victories.

In case of a tie between the number of fencing victories, the place will be determined as follows:

- a) in case of a tie between two athletes/teams, the winner of the bout between these athletes/teams
- b) in case of a tie between more than two athletes/teams, the athlete/team with the most wins in the bouts among these athletes
- c) if athletes remain tied they will be ranked by Olympic Youth Pentathlon World Ranking (OYPWR)
- d) if teams remain tied they will be ranked by manual draw

The fencing penalties are as follows:

- a) A warning - indicated by a Yellow Card, with which a Referee identifies the athlete at fault. The athlete then knows that any further offence on his part will result in a more severe penalty.
- b) A deduction of 10 MP points indicated by a Red Card, with which a Referee identifies the athlete at fault. Furthermore, a Red Card can only be followed by another Red Card, or by a Black Card, depending on the nature of the second offence.
- c) Elimination (from the competition as applicable for an athlete = 0 MP points in the fencing event) or an exclusion (from the competition venue for any person disturbing the order of competition) - indicated by Black Card, with which a Referee identifies the athlete or person at fault.
- d) Disqualification from the competition for an athlete (no MP points and no rank in all phases).

## Swimming

The swimming phase is a 200 metre freestyle race. Athletes may swim any combination of strokes or style. The team swimming phase is a freestyle 2 x 100 metres relay race.

The heats for swimming will be composed according to the times submitted in their Sport Entry Form. The start list for the swimming phase of the individual and team events will be prepared before the Technical Meeting.

A time of 2 minutes and 30 seconds earns 250 MP points. Every half of a second above or below this time is equal to plus or minus 1 MP point.

Points and positions are decided by actual time. At Category A official UIPM competitions an electrical timing device accurate to 1/100<sup>th</sup> second is mandatory.

In swimming, athletes may be penalised by 10 MP points, eliminated or disqualified.

## Fencing Bonus Round

A single fencing piste will be used. Each bout is for one hit in 30 seconds.

The points achieved by the athletes/teams in the ranking round are carried over to the bonus round.

The athletes/teams will be placed according to their position from the ranking round. The competition will be carried out in reverse order, with the last-placed athlete/team fencing first against the next-placed athlete/team. The winner of each bout will be matched against the next best-ranked athlete/team. In this way, an athlete/team may continue to advance as long as they continue to win matches.

Athletes/teams do not lose points if they are defeated. The bout winner receives 1 bonus MP point for each bout that they win. If the winner of the ranking round wins their bout in the bonus round, they receive double bonus points.

In the case of a double defeat, the winner of the bout is the athlete/team placed higher on the start list.

The penalty for a red card offence is 1 MP point=1 second.

If an athlete/team is eliminated, withdrawn, disqualified, etc. he will get no fencing MP points and will be placed at the bottom. The fencing ranking round results will be updated accordingly.

### Laser-Run

The athlete/team with the most MP points after three phases starts first at the Start Signal (0'00") and will shoot at station No. 1 in the laser-run. The remaining athletes/teams start with time handicaps (1 second for every 1 MP point obtained after three phases). This handicap start means that the final ranking corresponds to the finishing order in the laser-run phase.

The laser-run consists of a 3200m run and four shooting series. Each shooting series consists of five electronic Laser Precision targets using a laser pistol. Each shooting series is limited to 50 seconds.

The course for the individual events is composed of: 20m run; first shooting; 800m run; second shooting; 800m run; third shooting; 800m run; fourth shooting; 800m run.

The course for the team relay event is composed of: 20m run; first shooting; 800m run; second shooting; 800m run; for each team member. The woman passes the relay to the man.

The athletes will be ranked according to their arrival at the finish

An athlete/team earns 500 MP points for a time of 13 minutes and 20 seconds. Every 1 second faster or slower than the prescribed time is equal to plus or minus 1 MP point.

Athletes may be penalised by a time penalty of 10 seconds (athlete can be stopped in the shooting station, penalty gate or last penalty area), eliminated or disqualified.

### Event Tie Break Rules

If there is a tie between two or more athletes/teams after two phases, the athlete/team with the best result in the last phase will be ranked higher. If the tie remains, the athlete/team with the best result in the previous phase will be ranked higher, and so on. If the tie cannot be broken, the athlete with the higher Olympic Youth Pentathlon World Ranking (OYPWR) will be ranked higher.

If athletes finish the laser-run phase tied (and placings cannot be determined by Photo-Finish), the athlete with the best result in the laser-run will be ranked higher. If the tie remains, the athlete with the best result in the previous phase (fencing bonus round) will be ranked higher. If the tie remains, the athlete with the better Olympic Youth Pentathlon World Ranking (OYPWR) position will be ranked higher.

### Phase Tie Break Rules

The following rules should be followed for breaking ties by points in each phase:

- Fencing Ranking Round: When there is a tie between the athletes/teams in number of points and number of fencing victories, first place will be determined as follows:
  - in case of a tie between two athletes/teams, the winner of the tied athletes' bout/teams' match.  
In case of a tie with more than two athletes/teams, the athlete/team with the most wins in the tied athletes'/teams' bouts.
  - If there is no outright winner (individual events), the athletes will be ranked according to their standing in their current respective OYPWR.  
If there is no outright winner (mixed international team relay event), the teams will be ranked by manual draw.
- Swimming:
  - If a swimming phase ends in a tie, the athlete who has the better swimming time will be placed higher. If still tied they should share the same rank. Athletes with same rank should be sorted by OYPWR position.
  - If a swimming phase ends in a tie, the team who has the better swimming time will be ranked higher. If the tie remains they should share the same rank. Teams with the same rank should be sorted by manual draw.
- Fencing Bonus Round:
  - In the case of a double defeat (individual events), the winner of the bout is the athlete placed higher on the start list
  - In the case of a tie in the Mixed International Team Relay after two bouts, the athlete that fenced the second bout, remains on the piste and fences another bout. The first athlete to score a hit is declared the winner. In this way

the athletes fight the best of three bouts. If the teams remain tied after the 3rd bout, the winner is the team placed higher on the start list.

- Laser-Run:
  - If athletes finish the laser-run phase tied (and placings cannot be determined by Photo-Finish), the athlete with the best result in laser-run will be ranked higher.

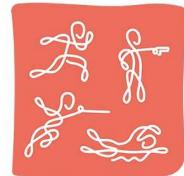

### **Penalties / Disqualification Rules**

Penalties are imposed for violations of the rules of the games, as laid down by the UIPM Competition Rules. The possible sanctions are: warnings, a start prohibition, time and point penalties, elimination and disqualification.

A disqualification can be imposed on athlete due to a breach of the rules or in the case a positive doping test.

### **Protests / Appeals**

Any athlete or team official has the right to protest a condition of the competition, decision or action immediately and verbally to a competition official, Referee, Range Officer or Jury Member.

## Medallists by Event

As of TUE 16 OCT 2018 at 16:32

Event	Date	Medal	Name	NOC Code

<b>Round 11</b>	1 - 2	3 - 12	4 - 11	5 - 10	6 - 9	7 - 8

**Note:**

According to the UIPM rules 70% bouts won corresponds to 250 Modern Pentathlon points. Each victory over or below this number is in accordance with the number of bouts. E.g. With 24 athletes participating in competition, each of them will fence 23 bouts. This means 16 victories earn 250 Modern Pentathlon points. One victory over or under this number (16) equals +/- 8 Modern Pentathlon points.

#### Note:

According to the UIPM rules 70% bouts won corresponds to 250 Modern Pentathlon points. Each victory over or below this number is in accordance with the number of bouts. E.g. With 24 athletes participating in competition, each of them will fence 23 bouts. This means 16 victories earn 250 Modern Pentathlon points. One victory over or under this number (16) equals +/- 8 Modern Pentathlon points.

**Note:**

According to the UIPM rules 70% bouts won corresponds to 250 Modern Pentathlon points. Each victory over or below this number is in accordance with the number of bouts. E.g. With 24 teams participating in competition, each of them will fence 46 bouts. This means 32 victories earn 250 Modern Pentathlon points. One victory over or under this number (32) equals +/- 5 Modern Pentathlon points.
